SITE PLAN REVIEW

Although there was no quorum, the group discussed the progress on the draft site plan review with the Town Supervisor. Supervisor Skellie was very encouraged by draft and felt it would be beneficial to schedule a joint meeting between the Town and Planning Boards.

Supervisor Skellie shares the concerns that the site plan review will not address the issues near and around the lakes and river. He would like to the Town to possibly consider establishing “critical environmental areas.” This would be an additional project from site plan review.

The Clerk will contact the Department of Health as well as County Code Enforcement about the procedures for septic and wells.

A tentative date for the joint meeting will be Wednesday, September 28th at 7:30 pm.

Adjourned at 8:36 pm.

Respectfully submitted,

Tammy Skellie-Gilbert
Planning Board Clerk
